

What The Library Means to Me

By Brandon Warren

My mom always tell me that the West End Library is everything and so much more. My mom goes there to job search, which includes applying for a job and doing resumes. My mom falls into the 10% category of being unemployed. My mom also uses the library to get movies. She loves action and thrillers mostly. My mom loves Mr. Larry. Ms. Ann is like an encyclopedia she knows a lot. Mr. Dante is intelligent and street smart my mom says.

My sister loves the computer to get online to Build-A-Bear. She likes Hannah Montana, Zac Efron and the Jonas Bros. Movies. She loves the summer reading program and all the contest and kid activities here. She sees a lot of her friends here.

I love to come especially during the summer to cool off. I play in the Yu-Gi-Oh tournaments and won I was happy. I like getting movies and trading cards while I am there above anything my mom says it is a safe place because you can always count on the safety and welcomeness of our friends at the West End Library! That is what the Library means to me!
