Celebrate NATIONAL CHEMISTRY WEEK: The Joy of Toys

The Library will explore what makes toys so fun and fascinating during National Chemistry Week (October 16–22). At the Main Library and various branches, interactive demonstrations featuring this year's theme, *The Joy of Toys*, will be sponsored by The Cincinnati Chapter of the American Chemical Society. This annual celebration is an opportunity for children of all ages to have fun learning about the chemistry behind making toys work.

National Chemistry Week is an outreach program of the American Chemical Society developed to enhance the public's awareness of the contributions of chemistry to our everyday lives and the nation's economy.
