Chemistry Bubbles Over at the Library

National Chemistry Week: October 21-27

Celebrating its 20th anniversary, National Chemistry Week will once again bubble over with excitement as members of the Cincinnati Chapter of the American Chemical Society demonstrate the magic of chemistry and its importance to our quality of life at the Public Library of Cincinnati & Hamilton County.

These 45-minute demonstrations, happening at various Library locations, will explore *The Many Faces of Chemistry* (this year's theme) and reach elementary and secondary school children with positive messages about chemistry. (Programs are recommended for ages 6-12, but all are welcome.)

The Many Faces of Chemistry: Join local chemists from the Cincinnati Chapter of the American Chemical Society as they entertain and enlighten students in celebration of the 20th anniversary of National Chemistry Week! Recommended for Ages 6-12, but all are welcome.
